

Architectural Armour

In Counter Deep Tray Option 550/500/141

Designed for flush built-in as per the shallow tray.
Intended for indoor and covered external.

Bullet Resistant to EN1522/3 FB4

Operated manually; money carriage and counter-moving cover plate lock in end positions.
Slide control (beside the handle) is used to unlock.

Manufactured from steel. The FB4 Deep Tray is available in RAL 9005 Jet Black and Stainless Steel. Jet Black illustrated in image to the left

Counter cut out required 535mm x 485mm

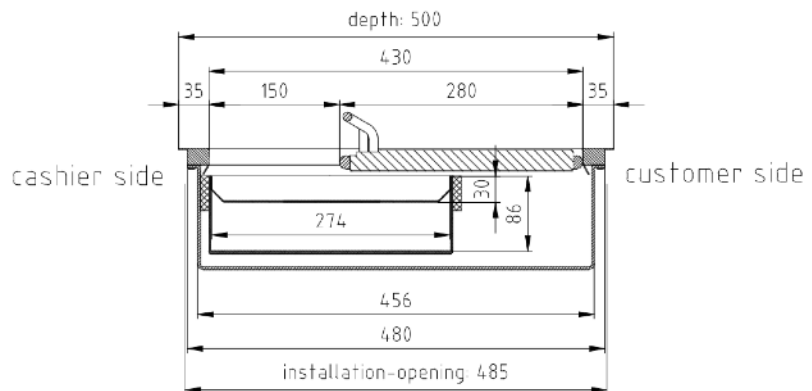

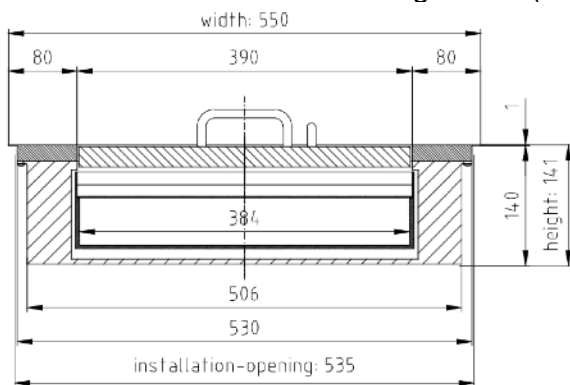

Outer Dimensions W x H x D: 550mm x 141mm x 500mm

Inner Clearance W x H x D: 384mm x 86mm x 274mm

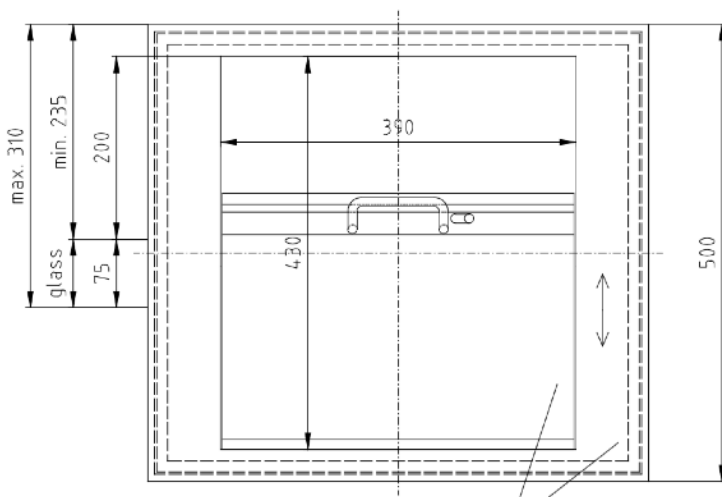

Inserted plate height 30mm

Max thickness of glass/screen frame to sit on top 75mm

To avoid excessive loading of the cover frame, the transfer tray must be supported by a steel tube substructure or something similar (to be provided by the customer).
